About Us

INTRODUCTION

At Frametech Industries, we specialize in designing and manufacturing high-quality aluminium frames for solar panels, engineered to enhance the performance, durability, and efficiency of your solar energy solutions. With years of expertise in the solar industry, we understand the critical role a robust frame plays in safeguarding solar modules from harsh weather conditions and ensuring long-term structural stability.

With our team's more than 5 years' extensive experience and expertise in solar module manufacturing industry we have knowledge about standard quality requirement of solar module manufacturing.

We pride ourselves on our commitment to quality, timely delivery, and customer satisfaction. Our manufacturing facilities are equipped with the latest technology.

Mission & Vision

MISSION

At Frametech Industries, our mission is to deliver innovative, durable, and sustainable aluminium frame solutions for the solar industry. We strive to enhance the efficiency and longevity of solar panels by providing precision-engineered frames that meet the highest quality standards. Our commitment to excellence, customer satisfaction, and environmental responsibility drives us to continually improve our processes and products.

VISION

Our vision is to be a global leader in aluminium frame manufacturing, recognised for our contribution to advancing renewable energy solutions. We aim to shape the future of solar technology by offering cutting-edge products that promote sustainability, reduce carbon footprints, and accelerate the transition to clean energy across the world.

OUR CORE VALUES

Quality

We deliver products that meet the highest standards. Our commitment ensures consistency and customer satisfaction.

Ethics

We believe in doing business with fairness and honesty. The customer's benefit is always our priority.

Relation

We focus on building strong and lasting connections. Trust and respect form the base of every relationship we create.
